permit. Pages 1 and 2 should be filed within 72 hours after death with the Maryland Department of Health and Mental Hygiene.

Important: If item 27 is marked other than "natural", or items 23a or 28a-d show any injury or other traumatic event, the Medical Examiner must be notified at once.

Division of Vital Records, P.O. Box 68760,

To the Hospital Attending Physician: The law requires that the death certificate be executed within 24 hours after death.

To the Funeral Director: After this certificate has been signed by the attending physician and completely filled in by the funeral director, page 2 should be detached for use as the burial-transit certificate.

Medical Certification: To Be Completed by Physician/Medical Examiner

TO BE COMPLETED BY FUNERAL DIRECTOR

TO BE COMPLETED BY PHYSICIAN: MEDICAL CERTIFICATION

BALTIMORE, MARYLAND 21215-0020

DIVISION OF VITAL RECORDS, P.O. BOX 68760

TO THE HOSPITAL OR ATTENDING PHYSICIAN: The law requires that the death certificate be executed within 24 hours after death. Page 6 may be retained by the hospital or attending physician.

TO THE FUNERAL DIRECTOR: After this certificate has been signed by the attending physician and completely filled in by the funeral director, page 5 should be detached for use as the burial-transit permit. Pages 1, 2, 3 should be filed within 72 hours after death with the State Dept. of Health and Mental Hygiene prior to burial, cremation, or removal.

IMPORTANT: If item 28 is marked, or item 23 shows any injury, or other traumatic event, the medical examiner must be notified at once.

Please Type or Print in Black Indelible Ink. Assure All Copies Are Legible.

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the research.

2. The second part of the report is a detailed description of the methods used in the study. It includes a discussion of the experimental design, the data collection procedures, and the statistical analysis techniques.

3. The third part of the report is a presentation of the results of the study. It includes a discussion of the findings, the interpretation of the results, and the conclusions drawn from the study.

4. The fourth part of the report is a discussion of the implications of the study. It includes a discussion of the theoretical and practical implications of the findings, and the suggestions for further research.

5. The fifth part of the report is a conclusion. It summarizes the main findings of the study and the overall conclusions drawn from the research.

6. The sixth part of the report is a list of references. It includes a list of the books, articles, and other sources used in the study.

7. The seventh part of the report is an appendix. It includes a list of the tables, figures, and other supplementary material used in the study.

8. The eighth part of the report is a glossary. It includes a list of the terms and symbols used in the study, and their definitions.

9. The ninth part of the report is a bibliography. It includes a list of the books, articles, and other sources used in the study.

10. The tenth part of the report is a list of the authors' names and addresses. It includes a list of the names of the authors, and their current addresses.

11. The eleventh part of the report is a list of the authors' names and addresses. It includes a list of the names of the authors, and their current addresses.

12. The twelfth part of the report is a list of the authors' names and addresses. It includes a list of the names of the authors, and their current addresses.

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the research.

2. The second part of the report is a detailed description of the methods used in the study. It includes a discussion of the experimental design, the data collection procedures, and the statistical analysis.

3. The third part of the report is a presentation of the results of the study. It includes a discussion of the findings, the interpretation of the results, and the conclusions drawn from the study.

4. The fourth part of the report is a discussion of the implications of the study. It includes a discussion of the theoretical and practical significance of the findings, the limitations of the study, and suggestions for further research.

5. The fifth part of the report is a summary of the study. It includes a brief overview of the main findings and conclusions, and a statement of the author's appreciation for the assistance of others.

1. The first part of the report is a general introduction to the subject of the study. It discusses the importance of the problem and the objectives of the research. It also mentions the scope of the study and the methods used.

2. The second part of the report is a detailed description of the experimental work. It includes a description of the apparatus used, the procedure followed, and the results obtained. It also discusses the errors and limitations of the experiment.

3. The third part of the report is a discussion of the results. It compares the results with the theoretical predictions and with the results of other experiments. It also discusses the implications of the results and the conclusions drawn from them.

4. The fourth part of the report is a summary of the work. It briefly reviews the main points of the report and states the conclusions. It also mentions the acknowledgments and the references.

5. The fifth part of the report is a list of references. It includes the names of the authors, the titles of the papers, and the names of the journals or books in which they were published.

6. The sixth part of the report is a list of acknowledgments. It mentions the names of the people who helped in the work and the organizations that supported the research.
